

In order to satisfy Canadian anti-money laundering regulations governing the opening of mortgage accounts, Street requires the solicitor/notary/agent to confirm having met with and verified the identity of the borrower(s) and if applicable, the guarantors and/or any third parties. One IVF must be completed for each individual involved in the transaction. By signing the IVF the solicitor/notary/agent is agreeing in writing to act as RFA's agent for the purposes of RFA's fulfillment of its identification requirements pursuant to applicable legislation.

This verification is to be made in person, with one piece of personal identification that has been issued by a Canadian federal, territorial or provincial government agency. A valid foreign passport is the only non-Canadian document that will be accepted. No other form of identification, other than what is listed below, is acceptable. All identification must be original, current, valid, legible and not substantially damaged. The documentation also has to be reviewed by the agent to ensure there are no signs that it has been forged or falsified in any way.

All identification must include the name and photograph of the individual being identified.
